

Every September  
on the  
Fourth Sunday

## a celebration of the world's waterways

Every year, river enthusiasts come together from across the globe to participate in World Rivers Day. The event takes place on the fourth Sunday of September,

highlighting the many values of our waterways. It increases public awareness and encourages better stewardship of rivers around the world.

***"Please join us in celebrating  
the natural and cultural values  
of our global waterways"***

— Mark Angelo

renowned Canadian river advocate,  
Chair, World Rivers Day Initiative

**Come to a World Rivers Day
